(SEI CAMPUS Sri Lanka is the official business partner in Sri Lanka for NEC- USA with association of M/s.Career Overseas Education services (P) Ltd. India)

For Sri Lanka students, Why USA, NEC is best to study & Settle?

Intakes –January / March / May / July/Aug.

Why USA is better than other countries to study & settle? Unlike Australia, Canada, NZ,,well! USA is super power in the world. it requires smart workers to remain supreme. They don't want International student go back native country and become competition, that's the reason US Government given OPT paid job permit without linked to English test, Job offer etc conditions like NZ, Australia,Canada.

Optional Practical Training (OPT) is a period during which undergraduate and graduate students with student F-1 status who have completed or have been pursuing their degrees for more than nine months are permitted by the United States Citizenship and Immigration Services (USCIS) to work. Science, technology, engineering, and mathematics (STEM) students work for 36 months in OPT.

Student After working in OPT Job>US has been giving H1 work permit quota for International Students > during the period of H1> Green card would be filed. This flexible process is been happening since 10 years, accordingly we served thousands of students, All of them happily working in the US, you can contact them in facebook.

Please read the below links of the US government web sites;-

<https://studyinthestates.dhs.gov/students-determining-stem-opt-extension-eligibility>

<https://www.ice.gov/sevis/practical-training>

<http://www.uscis.gov/working-united-states/students-and-exchange-visitors/students-and-employment>

Living expenses; - Approx. food & living \$400/. Per month in shared student's private accommodation out side campus., In Campus housing (Hostel)-per month \$500 room rent.

You can interact with many present students in the campus through facebook link;-

New England College Indian Students

Present Visa scenario; -since number of visa mill Universities has deceived F1 visa system, now US consulates look for pure American driven, regionally accredited, bigger campus (not in a single building) at least 50 years old, Non-profit registered institution and don't authorize CPT right from day one. Student shall have genuine funds/loan and sincere intentions. **US immigration entry;** - after getting visa, directly to NEC wire transfer part payment tuition fee \$5k and land in Boston airport with that paid fee receipt, with money for health insurance \$1400, living expenses & rest of the tuition fee proof of funds.

US system towards International students is good for right guys having tuition fee payable capacity but not a poor student with superb academics and Test scores.

Why NEC is best in the USA!?

NEC is named to President Obama's Honor Roll; ranked by Time Magazine and US News & World Report. NEC is 225 Acres, 70 years old. **World number one MIT is also Accredited by our same NEASC.** NEC is non-profit, University level institution offering Bachelors, Masters, and Doctoral degrees..Campus situated in Henniker, New Hampshire state. Located approx. 17 miles from the state capital Concord. 31 miles from Manchester,

and 81 miles from Boston cities.

Yet reasonable tuition fee, flexibility in eligibility criteria. Programs of study are focused on relevant courses for your career plan (Please check your after study career plan). There are no unnecessary subjects in the curriculum, thus the program duration is less compared with other Universities, so that student can go for OPT job quickly. All of this makes NEC's programs cost-effective so that students do not place an undue financial burden on their parents.

Why NEC is better than other Universities?—NEC(New England college) offers number of Bachelor, Master, Doctoral programs. Selected to offer graduate education to Marine Corps officers (branch of the United States Armed Forces). US department of education long standing approval of our UG,PG& Doctorate degrees.NEC Accreditation and campus size are the same Value of any State, Accredited Regional University; - To give personalized guidance, balance in student & faculty ratio NEC has retained the name college, thereby since 70 years we have number of American and different countries students. **The famous USNEWS&WORLD REPORT has compared NEC with Best Regional Universities of North.**

<http://colleges.usnews.rankingsandreviews.com/best-colleges/new-england-college-2579/rankings>

NEC named to President Obama's Higher Education Community Service Honor Roll, 2014 recognizing New England College for the extraordinary and exemplary community service contributions of its students, faculty, and staff in meeting critical community needs.
